

PEECH

by amedeo piccione

The project starts in 2016 with an enamel and leather jewellery collection to further grow into pret-à-porter entirely made in Italy.

Silk skirts and graphic motifs all created by Amedeo with a colourful and geometric inspiration.

With the passage of time the brand enlarges its collection creating also dresses and shirts.

A play of symbols and illustrations, the designer created stories to be freely interpreted or discovered as in a riddle.

Born in Sicily,
Amedeo Piccione
