

A woman with blonde hair, wearing a wide-brimmed white hat and a long black coat, stands in profile against a clear blue sky. She is positioned in the center of the frame, with her body angled slightly towards the left. The background features snow-covered mountain peaks and a clear blue sky. The overall mood is serene and elegant.

CRÉATIONS ARTISANALES FRANCAISES

Chers clients,

Depuis la création de Van Palma, nous avons parié sur une confection éthique, 100% française pour nos chapeaux de feutre. L'actualité nous conforte dans notre choix de soutenir les artisans, usines et fournisseurs locaux.

Alors nous vous remercions sincèrement de faire partie de cette aventure !

En effet, nos chapeaux de feutre sont confectionnés dans une des dernières chapelleries artisanales françaises. Notre feutre est constitué à 100% de laine de mouton Mérinos : c'est une laine de haute qualité, à la fois thermique et résistante.

Nos broderies, quant à elles, sont réalisées dans le sud de la France, dans notre atelier à Marseille...

Dear customers,

Since the creation of Van Palma, we have bet on an ethical and French manufacturing for our felt hats. Current events have strengthened our choice to support local artisans, factories and suppliers.

So we sincerely thank you for being part of this adventure !

Mindful of having detailed products, our wool felt hats are all made in one of the last French artisanal millinery. Our felt is 100% Merino sheep wool from high quality, thermal and resistant.

As for our embroideries, they are made in our workshop in Marseille, south of France...

*À bientôt,
Victoria*
