SPRING SUMMER 23

Flora Sardalos, is a Greek-Cypriot designer who brings an exclusive and fresh concept of style via her vibrant, Greek-inspired, day-to-night resort dresses. 100% natural fabrics; cotton, silk, cashmere and linen are sourced from specialty Italian and French mills. Flora's dresses convey understated luxury, enveloping comfort and joie de vivre.

Flora began experimenting with fashion at an early age. Before starting to design for herself, she opened a designer boutique in Nicosia, Cyprus, selling brands such as Marni, Bottega Veneta, Jill Sander & Yoji Yamamoto.

Flora Sardalos, launched her own brand internationally in 2019. Today she sells to some of the most exclusive resorts and stores worldwide.

Her wonderfully chic, head-turning dresses are designed for women who stand out with exceptional style. With their trademark voluminous shapes, the keep-forever items are characterised by boldly confident colours, patterns and symbols that generate a playful and positive energy.

Flora's comfortable feminine dresses are artfully sewn and embellished. Very particular to her dresses is the colourful use of ric rac and band ribbons, in some dresses embellished with the good luck 'evil eye' symbol, so traditional to her native Greece.

In 2020 Flora opened her Flagship Store on the Dodecanese Island of Patmos. The 'island of the Apocalypse' holds a singular magnetism for eclectic visitors seeking low-profile tranquillity, authentic sophistication, noble beauty and spirituality; all elements reflected in Flora's work.

Flora loves the "freedom, carefreeness, light and happiness" of summer. Due to requests from her customers she is currently working on a new winter collection that will be infused with her characteristic "colour, charm and gracefulness", made up of feel-good luxe fabrics and heart-warming shades that will lend a little bit of that summer feeling into a winter wardrobe.

PATMOS

The sophisticated greek island...

Patmos island is famous as a high-summer jet-setter's paradise, a sort of in-the-know and relatively hard-to-reach heaven for wealthy yachters and adventurous travelers.

That's where Flora decided to open, in Summer 2020, her flagship store and welcome her international clients.
